

John Herbert Doe

**SOFTWARE
DEVELOPER**

ABOUT

1234567890
johndoe@gmail.com
Lake Street-123

SKILLS

C, C++
MATLAB, Arduino IDE,
NgSpice, Verilog,
MAGIC, LTSpice
Python, HTML, LaTeX,
NumPy, Pandas, Scikit,
Data pre-processing,
Basic ML Algorithms
Problem Solving,
Leadership, Team-
work, Adaptability,
Flexibility, Time-
management,
Communication

ACHIEVEMENTS

**Certificate in "Career Essentials in Generative AI" by
Microsoft and LinkedIn**

EDUCATIONS

IIIT-B

**Integrated course in Computer
Science(B.tech+Ms) Bangalore** 2017-07-
05 2022-07-10

EXPERIENCES

Software Developer

ABC International Bangalore 2022-05-10 2024-
07-01

PROJECTS

Resume Builder

An easy way to build resume

Remote sensing simple pendulum

Successful implementation of remote control
capabilities to calculate the value of acceleration due
to gravity, along with adjusting other parameters such
as length of the pendulum remotely

Real Estate Price Prediction

Implemented Data Cleaning and Data visualization
using pandas and matplotlib Implemented Linear
Regression using scikit-learn along with comparing
different models using GridsearchCV
